VOLUME XXVI ISSUE VI: JUNE 2026

Great News!!!

Island Hardware will be mixing paint on **SATURDAYS** again!

Thanks for being so patient and understanding over the last couple years, but our schedules finally allowed us to make adjustments and get a paint specialist on Saturdays again!

Father's Day June 14th

COME ON IN, ALL YOU DADS OF THE ISLAND!
GET YOURSELF SOMETHING NICE YOU'VE HAD YOUR EYE ON!

MAKITA WHEELBARROWS!

GOOD THINGS HAPPEN WHEN YOU CLEAN
OUT THE BACK OF THE WAREHOUSE!

"Work Smarter, Not Harder"

We found some really cool Makita wheelbarrows that we kinda forgot about. Our loss of memory should work out in your favor, if not save your back!

- Delivers up to 45 minutes of run time under load using one 18V LXTr 5.0Ah battery
- Holds (2) 18V LXTr Lithium-Ion batteries but operates using (1) 18V battery at a time; utilizes second battery when needed
- Makita-built BLT Brushless Motor for optimal performance
- 2-speed with maximum speed up to 2.5 MPH on a 12? incline
- Reversible for versatility and convenience

Now the real bumper part of saving your back, is the price of doing it...

Some say it's **PRICELESS!**

OR \$1,099.00

BACK ON THE ROAD

Three weeks ago, our mainland driver Tim underwent spine surgery. We're happy to report that he is doing great and so is our little store, thanks to all of you who have supported our steady growth throughout the years.

Thirty years ago, we could never have imagined storing nine truckloads of stock totaling nearly 300,000 pounds of needed building materials. Back then, the joke was that if you wanted to build a two-car garage, you'd have to clear out Island Hardware and Orcas lumber and still come up a few sticks or five short.

In the good old days, three weeks without a supply truck would have wiped out our inventory. Your continued support of your local building center has allowed us to grow, expand our inventory, and better serve the community.

Another key to our ability to grow has been our excellent medical coverage. I asked Marce how much above the covered costs we owed for Tim's surgery, and she said, "Well, there were the ferry fares."

Tim is back on the road, and Island Hardware is ready for its next challenge... with your help.

Public Service Announcement to all of our dedicated hardware folks...

Kassandra and Marce are now **NOTARYS** in Washington state. Can you believe they actually gave us a license to do fancy things?

We can get you notarized and out the door in a jiffy!!!

Only catch is we work
Monday - Friday 7:30am-4:30pm!
